Forty-eight students from around Pennsylvania gathered at the Ag Progress Days site on September 30, 2021. They were competing in the Grassland Evaluation Contest with a focus on the value and benefits of pasture management, wildlife, livestock grazing, and soil health. Winning teams receive scholarships toward their secondary education at any accredited institution. Winning teams also have the opportunity to compete in the National Competition in Missouri. The contest organizers and sponsors listed on the sides congratulate all competing students for the time and effort taken to prepare for the event.
